Astoria Golf and Country Club

Warrenton, Oregon

Dear Non-Resident Member:

A special meeting of the membership of the Astoria Golf and Country Club recently ratified changes in the by-laws of the club. The new by-laws are the result of several years of study and review by a select committee. This group recommended, and the general membership approved, meaningful changes that will ensure that our club remains viable and offers the best of recreational opportunities to our membership.

Among the important changes is one which removes the requirement of residence in Clatsop County in order to hold a proprietary membership. A further change makes it possible for a corporation or business to own a proprietary membership and designate one person to be entitled to all privileges under its membership. Such person must, of course, be approved by the Board of Directors as in the case of any other application for membership.

If you desire to convert your non-resident membership to a proprietary membership please sign and return the enclosed application card. The initiation fee is presently $330.00 and is payable in full or on the basis of $100 down plus 8½% interest on the unpaid balance with a minimum of $25 per quarter payment of principal required.

As our membership increases, it is contemplated that the initiation fee will be raised and the number of non-resident memberships allowed in force at any time will be reduced from the present level.

The above is for your information and whatever action you wish to take.

For the Board of Directors,

J. Wilson Johnston

Dear George:

As per your request, I submit herewith 12 copies of a memorandum setting forth the various classes of memberships, initiation fees, dues, etc., which, to the best of my knowledge, are in effect at this time.

I trust that this is the information you wanted, and I have enclosed 12 copies so that you may be able to give copies to Mr. Tom McDonough, and also each member of the Board.

I am very sorry that my absence from the city will prevent my being with you at the next Board meeting.

Sincerely,

Tom Sandoz

Dear Stan,

We heard about your inquiry on a membership at the Astoria Golf Club.

It has been an unwritten rule that we don't accept anyone outside Clatsop County as a regular member. New By-Laws are now being written to get this rule clarified and down in writing.

The History on the unwritten rule as I understand it was that when the club only had nine certificate holders paid up back in the depression days they WERE afraid of losing control to Portland interests. Whether this is true or not it still holds that the Board does not accept anyone from outside Clatsop County as a propietary member.

I hope you continue to enjoy your non-resident membership, we enjoy having you for a member.

Yours truly,

George Abrahamsen

Dear George:

Some weeks ago Gladys went over to the Country Club and asked your manager and Marlowe about the possibility of our becoming proprietary members. She was told that this could not be done for the reason that we do not derive the major source of our income from Clatsop County sources. I fail to find any such provision in the by-laws of the club.

It is really of no great concern to us whether of not we are non-resident or proprietary members. But of this date we are substantial taxpayers of Clatsop County, we spend nearly every week end down there and perhaps use the clubhouse and course as much, or more, than most of your resident members. Due to this set of circumstances we would feel better if we were full members and felt we were carrying our share of the load.

There is one point which might be considered. If you have a policy against the issuance of such memberships would it not be possible to re-instate the proprietary membership we had when we lived in Astoria? Such a procedure might take you off the hook in case others should ask for the same privilege in the future and point to us as an exception made by the Board.

I don't wish to make a big flap about this but would like to have you think about it and we can discuss it sometime in the near future.

Sincere personal regards,

Stan
